

# ISUZU MU-X SPARTANBAR

Suits ISUZU MU-X 03/2025+

PRODUCT SPECIFICATIONS

**Description:**

Isuzu MU-X SpartanBar

**Application:**

Isuzu MU-X 03/2025+ | LS-M, LS-U

**Fitting Time:**

Refer to matrix

**Fitted Weight:**

35kg (Non-Winch)

42kg (Winch)

**Dimensions:**

Bar adds 235mm to vehicle length

**Standards:**

Meets AS 4876.1-2002.

Including 3.2 Road User Protection.

**Available:**

November 2025

**Freight Information:**

SA333ASSY & SA335ASSY 1980mm x 740mm x 750mm - 29kg

SA263BK 900mm x 400mm x 300mm - 25kg

SA264BK 900mm x 400mm x 300mm - 32kg

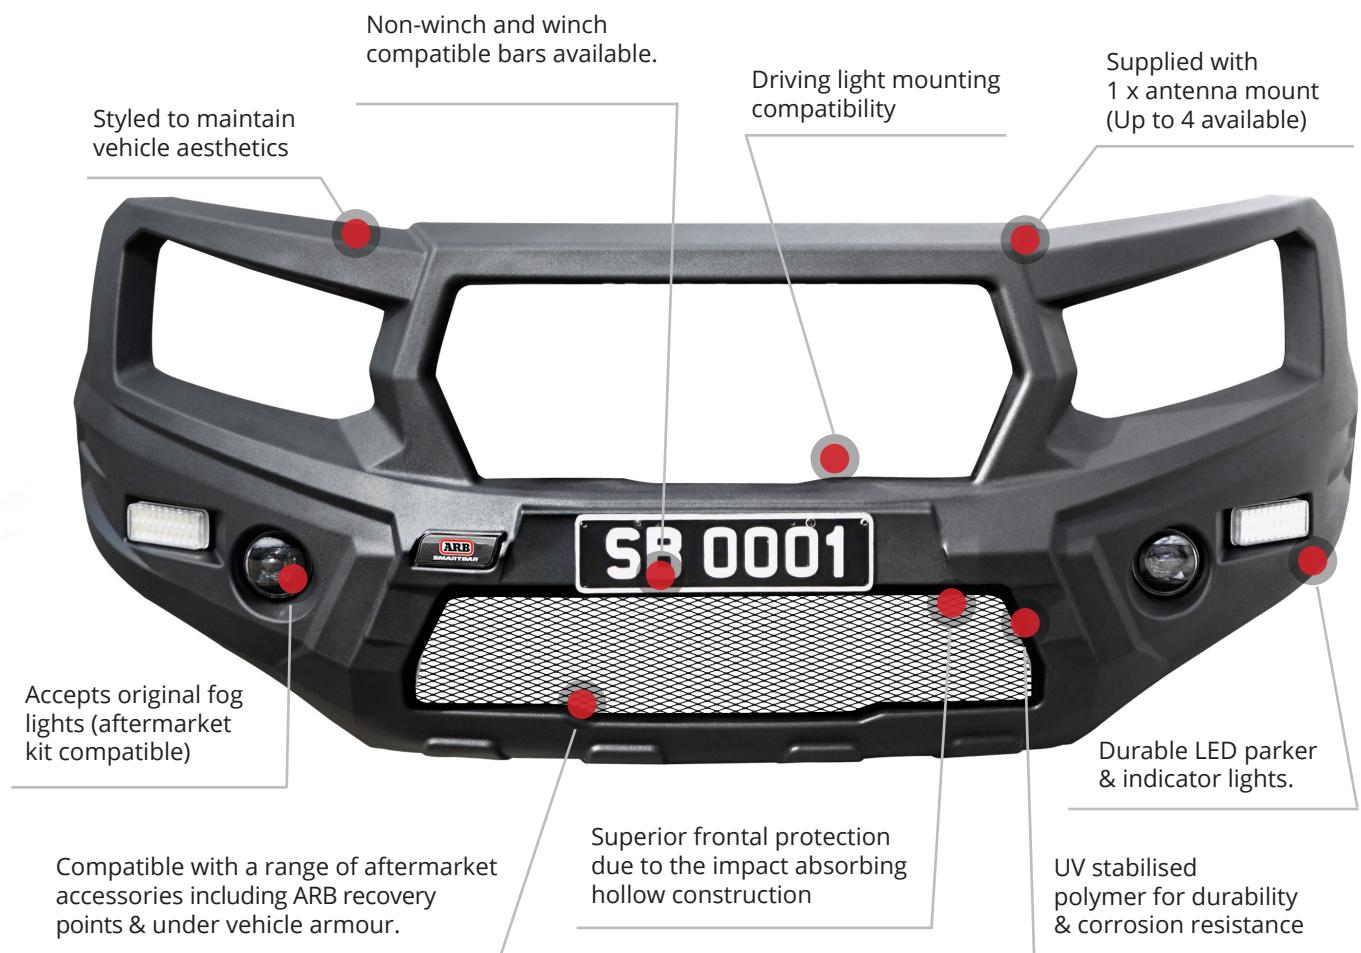

**PROUDLY  
AUSTRALIAN MADE**

The 2025 Isuzu MU-X received a facelift to the front end of the vehicle, inclusive of front camera system updates. The team at ARB SmartBar have developed an updated SpartanBar frontal protection system to accommodate the facelift model without Front Cameras.

This Vehicle Frontal Protection System (VFPS) complements the design and shape of the vehicle, whilst maintaining the contour lines and aesthetics. The SpartanBar functions with the Isuzu IDAS (Intelligent Driver Assist Systems) technology and maintains all of the factory accessories, whilst providing unparalleled safety.

Designed to suit the LS-M and LS-U models, the SpartanBar is engineered to be the lightest and safest VFPS available; offering even more protection and safety for MU-X owners and now importantly, pedestrians.

- Bar available in black as standard. (Other colours available for larger order quantities.)

# Safety Features

SmartBar puts safety at the forefront. Going above and beyond the Australian Safety Standards, to ensure the safety of the vehicle, occupants and pedestrians. SpartanBars go through exhaustive testing, which proves the superiority of our impact resistant technology allowing us to confidently stand behind the quality and safety of our bull bars.

## Chassis Mounts:

The chassis mount design comprises of a bracket construction which allows for three axis of adjustability, to achieve a solid and perfect fit every time.

All brackets have been tested and comply with Vehicle Air Bag, and Australian Safety Standards.

## Pedestrian Safety:

SmartBar's have been tested to Australia's Pedestrian Safety ratings and proven to be less likely to cause serious injury to pedestrians than other alternatives. This is due to the hollow construction which allows the bar to absorb most of the impact along with the unique and specifically designed co-polymer material.

## Isuzu Safety Systems:

The SpartanBar is compatible with the Isuzu Intelligent Driver Assistant Systems (IDAS) as well as other passive and active safety systems including but not limited to:

- AEB (Autonomous Emergency Braking)
- Forward Collision Warning
- Adaptive Cruise Control
- Lane Driving Features (Lane Assist/Keeping)

**Impact absorbing hollow construction means increased safety, and minimal repair costs after impact.**

Manufactured from environmentally friendly, recyclable polyethylene polymer. UV stabilised polymer for durability and corrosion resistance and therefore minimal maintenance.

Lightweight design provides weight savings which improve fuel economy and reduce tyre, suspension and brake wear when compared to other alternatives.

# Product Features —

Feature	Description	Included	Optional	Part Number
	<b>Underwing Panels</b> <p>The under wings are designed to provide even more protection to the under body of the vehicle, outside of the chassis rails.</p> <p>The under wing panels are compatible with ARB Recovery Points.</p>	✓		-

**Please note:**

<sup>1</sup> Optional for LS-M Vehicles. Not required for LS-U, LST-T and X-Terrain vehicles, OE Fog lights are refitted into the SpartanBar.

<sup>2</sup> Bar supplied with x1 SAAMB25, this is for the supply of an additional kit option.

<sup>3</sup> Flip Up Number Plate Kit is required for Winch compatible SpartanBars fitted with a standard size number plate.

<sup>4</sup> Models with parking sensors require the SA265-PSK Kit to fit the parking sensors to the SpartanBar.

<sup>5</sup> SpartanBar is not compatible with models with Front Camera's.
